

DT Year 2

Spring Term – My Country, My City

Making hand puppets

Yorkshire puddings

Key Questions:

What are puppets?

Which materials can be used to make puppets?

How can puppets be moved?

How can we join fabric together?

Key Facts:

The head and hands of a hand puppet can be made of materials that are either solid or flexible.

Hand puppets usually do not have legs.

We can materials together using staples, safety pins, glue, tape, stitching (running stitch)
